

Safety Data Sheet

AR390A X

Part 1. Identification

Product Identifier: Arcair Protex Plus Anti-Spatter #57-021-106

Other means of identification: AR390A X

Recommended use of the chemical and restrictions on use: See product label.

Responsible Party:

Name: Dynaflux, Inc.

Address: 241 Brown Farm Rd., Cartersville, GA 30120 USA

Telephone Number: 800-334-4420

Emergency Phone Number: Call Chem-Tel at 1-800-255-3924

Part 2. Hazard Classification

Classification of the chemical:

Gas Under Pressure, dissolved

Signal Word: Warning

Hazard Statement(s):

Contains gas under pressure; may explode if heated.

Pictogram(s):

Precautionary Statements:

Protect from sunlight. Store in a well-ventilated place.

Hazards not otherwise classified: None known.

0% of the mixture consists of ingredient(s) of unknown acute toxicity.

Note: Labeling elements found on this SDS may be different from labeling elements found on the label. Safety Data Sheets are regulated by OSHA (29 CFR §1910.1200) while the actual product and its label may be regulated by a different government agency. Please contact the responsible party in Section 1 if you have any questions.

Part 3. Composition on Ingredients

Contains no health hazardous ingredients above thresholds in accordance with OSHA HCS 2012 (29 CFR 1910.1200)

Trade Secret Claim: When applicable, the specific concentration of each hazardous ingredient is considered a TRADE SECRET. Chemical names and identifiers will be listed in exact composition weight and name when not subject to trade secret exemptions.

Note: This product may contain other ingredients that are not required to be disclosed on this safety data sheet or product label in accordance with 19 CFR §1910.1200. Any ingredient not listed on either the SDS or label is not considered hazardous to health and shouldn't pose a risk to the user.

Part 4. First-Aid Measures

General First Aid Measures: If medical attention is required due to exposure then be sure to take product label or safety data sheet when seeking medical care.

Most Important Symptoms: Not determined.

If Inhaled: Take person to fresh air and keep comfortable for breathing. Administer artificial respiration if person is not breathing.

If on Skin: Wash with soap and water. Take off contaminated clothing.

If in Eyes: Flush eyes with water and rinse for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

If Swallowed: Do NOT induce vomiting unless instructed to do so by a trained medical professional. Rinse mouth with water.

Indication of Immediate Medical Attention: Not anticipated to require immediate medical attention due to exposure.

Part 5. Fire Fighting Measures

Suitable Extinguishing Media: Water spray, carbon dioxide, sand, powder extinguisher, dry chemical.

Unsuitable Extinguishing Media: None known.

Specific Hazards: Contains gas under pressure; may explode if heated.

Hazardous Combustion Products: Not determined.

Special Protective Equipment: Not determined.

Precautions for Fire Fighters: Not determined.

Part 6. Accidental Release Measures

Personal Precautions: Remove non-emergency personnel from the area in an orderly fashion.

Protective Equipment: Use chemically resistant gloves when handling mixture if accidentally released. Ensure protection from exposure through other equipment like face shields, aprons, etc.

Emergency Procedures: Cover drains to prevent spill from entering waterways. Shut off nearby sources of ignition. Ventilate area using mechanical ventilation.

Methods of Containment: Soak up with an absorbent material such as cat litter, clay, dirt, or sawdust.

Methods for Clean Up: Use absorbent material on spill and sweep into an appropriate receptacle for disposal.

References: See Section 7 for information on safe handling. See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

Part 7. Handling and Storage

Precautions for Safe Handling: Wear gloves when handling and follow directions found on label.

Conditions for Safe Storage: Keep mixture in original container. Keep away from sources of heat and direct sunlight. Store away from strong oxidizers. Store dry in a cool area.

Storage Incompatibilities: None known.

Part 8. Exposure Controls

Exposure Controls by Ingredient: Not considered hazardous in accordance with OSHA HCS 2012 (29 CFR 1910.1200)

General Note: Practice good industrial hygiene and wash hands and exposed skin after handling and use. Keep away from food and drink.

Appropriate Engineering Controls: Area should have mechanical ventilation with local exhaust.

Eye/Face Protection: Wear protective goggles or a face shield during use to protect eyes from exposure.

Skin Protection: Use a chemically suitable glove such as nitrile or neoprene. Use full protective clothing if there is expected to be a prolonged or repeated contact of mixture with skin.

Respiratory Protection: Not anticipated to require respiratory protection.

Environmental Protection: Not anticipated to require environmental protective equipment.

Part 9. Physical and Chemical Properties

Appearance	Not determined	Odor	Not determined
pH	Not determined	Odor Threshold	Not determined
Melting Point	Not determined	Boiling Point	Not determined
Flashpoint	Not determined	Evaporation Rate	Not determined
Flammability	Not flammable	Upper Explosive Limit	Not determined
Vapor Pressure	Not determined	Lower Explosive Limit	Not determined
Vapor Density	Not determined	Relative Density	Not determined
Solubility	Not determined	Partition Coefficient	Not determined
Auto-ignition Temp	Not determined	Decomposition Temp	Not determined
Viscosity	Not determined		

Part 10. Stability and Reactivity

Reactivity: Not anticipated to be reactive.

Chemical Stability: Chemical is stable in normal storage conditions.

Hazardous Reactions: None known.

Incompatible Materials: Not determined.

Conditions to Avoid: Extreme temperatures. Non-ventilated areas. Hot conditions. Wet environments.

Hazardous Decomposition Products: Not determined.

Part 11. Toxicological Information

Acute Toxicity Estimates (ATE):

Oral	Contains no ingredient(s) considered toxic.
Dermal	Contains no ingredient(s) considered toxic.
Inhalation	Contains no ingredient(s) considered toxic.

Information on the Likely Routes of Exposure:

Inhalation	Not determined.
Ingestion	Not determined.
Skin Contact	Not determined.
Eye Contact	Not determined.

Symptoms Related to Characteristics: None known.

Delayed and Immediate Effect from Short- and Long-Term Exposure: None known.

National Toxicology Program Listing: No ingredient(s) listed.

International Agency for Research on Cancer Listing: No ingredient(s) listed.

Part 12. Ecological Information

Eco-Toxicity Estimates

Algae Contains no ingredient(s) considered toxic.

Fish Contains no ingredient(s) considered toxic.

Crustacea Contains no ingredient(s) considered toxic.

Persistence and Degradability: Not determined.

Mobility in Soil: Not determined.

Bioaccumulative Potential: Not determined.

Other Adverse Effects: Not determined.

Part 13. Disposal Considerations

Disposal of Empty Containers: Please recycle container with a licensed recycling company.

Disposal of Full or Partially Full Containers: Dispose of in accordance with local regulations. Contact a waste management company for additional questions.

Part 14. Transportation Information

Hazard Placard(s):

UN Number: 1950

UN Proper Shipping Name: Aerosol

Hazard Class: 2.2 Non-Flammable Gas

Packaging Group: Not applicable.

Environmental Hazard: No

Transport in Bulk: Not determined.

Special Precautions: Do not ship with excessive weight on top. Not eligible for air shipment.

Limited Quantity: <5 L

Part 15. Regulatory Information

TSCA Inventory List: Every ingredient is on the TSCA inventory list as active or exempt.

HMIS® III: (higher numbers indicate higher risk)

Health	0
Flammability	2
Physical Hazard	2

NFPA®: (higher numbers indicate higher risk)

Health	0
Flammability	1
Instability	0

Part 16. Other Information

Revision Date: May 8, 2021

General Disclaimer: The information presented in this Safety Data Sheet is based on data believed to be accurate as of the date of the Safety Data sheet was prepared. No responsibility is assumed for any damage or injury resulting from abnormal use or from any failure to adhere to recommended practices as specified on the label copy.
